<https://www.dzs.cz/sites/default/files/2022-08/Sazby%20ve%20V%C3%BDzv%C4%9B%202022.pdf>
- The stay must take place between January – June 2023

Students should send the application in the template form (enclosed to this letter) and it must be approved by their supervisors. Application forms should be submitted electronically to Ing. Diana Nebeská (diana.nebeska@ujep.cz) until **18. 11. 2022**.

The application form includes (see the template for details):

- Short description of the planned research work, expected benefits for student's research and future career.
- List of publications including those under consideration for publication, patents etc., conference presentations (poster and oral), and other research activities, submitted and approved projects.
- Teaching, assistance with teaching, supervision of bachelor students.
- Popularization activities, assistance with university events etc.
- Supervisor's recommendation letter.
- Letter of intent from a host institution.

The successful applicant (1 position) will be selected by the Doctoral Programme Board and all the applicants will be informed about the results electronically by 30. 11. 2022.

The internship costs are covered from project Studium, výzkum a inovace - rozvoj přírodovědných a technických doktorských programů na Univerzitě J. E. Purkyně v Ústí n. L. (reg. č. CZ.02.2.69/0.0/0.0/16_018/0002735).
